CURE FOUND FOR ROCK THE TREATMENT'S MARKETING!

Solution

When Stacy was referred to HUNTER Digital all she had was a website and a dream! Together, our team and Stacy set the strategy and HUNTER began testing Google Adwords and Product Ads. At the same time, we updated the website for improved SEO (organic ranking). In just 60 days, we found the "cure" to Rock The Treatment's marketing ills.

Results

Sales at Rockthetreatment.com are off the charts! HUNTER has increased Rock the Treatment's sales volume by over 800% with a 5X ROI. Business is so strong at Rock The Treatment that we recommended Stacy increase her prices by 10% to improve her bottom line. Even with the price increase Rock The Treatment saw no drop in sales volume... Just more money in Stacy's pocket!!
